📹 **Demo Video Link:**
🎬 submit_automation.mp4

📌 **Project Overview & Highlights:**

- **Framework:** Playwright (TypeScript)
- **Architecture:** Page Object Model (POM) + Custom Fixtures
- **Key Features:** Supports i18n dynamic locale setting, Thai test data generation, auto-scroll dropdown list handling, and GitHub Actions CI/CD integration.

🚀 **Quick Start (How to Run):**

- `npm install`
- `npx playwright install`
- `npx playwright test`
